

# Ages and Stages Training

The Ages and Stages (ASQ) Questionnaires are screening tools used to help identify developmental and social-emotional needs in early childhood. Participants will learn about, ASQ-3 and ASQ-SE-2, and receive a starter kit for each screener

## WHAT'S INCLUDED?

The registration cost for the training will be \$25, and participants will receive a free ASQ-3 and ASQ-SE-2 kit (\$590 value) for your program.

Attendees will also be connected with an Early Childhood Care Coordinator to provide support for your agency, and ensure families of children with an identified need are connected with appropriate follow-up services.

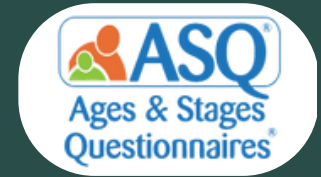

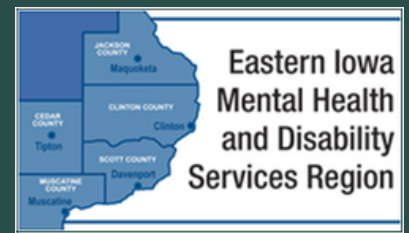

Participants will be able to receive HHS training credit by uploading their certificate into i-PoWeR
